Winters High School

Foreword

Each year, the Glacier Staff hopes to present an annual that you will treasure and be proud to own for the rest of your years. A yearbook is a memory book, a reference file of the best years of your life.

And every year, the Staff argues, and works, and worries, as deadlines are barely met. Then finally, out of the confusion, this year's Glacier gradually emerges.

This year we have tried to put together the best possible annual; and in keeping with our "Dreams" theme, we attempted to record the dreams of Winters High students.

The Staff sincerely hopes that as you go through life you will keep these dreams in mind; and that you will regard this Glacier as one of the highlights of your high school years.

Now, we proudly present the 1959-1960 Glacier.

We Dedicate to You . . .

Mrs. Buckner

This year's Glacier Dedication goes to a p e r s o n whom we think certainly deserves this h o n o r. In every way, she tries to help the students and show an interest in school affairs. She patiently maintains order and quiet on second floor.

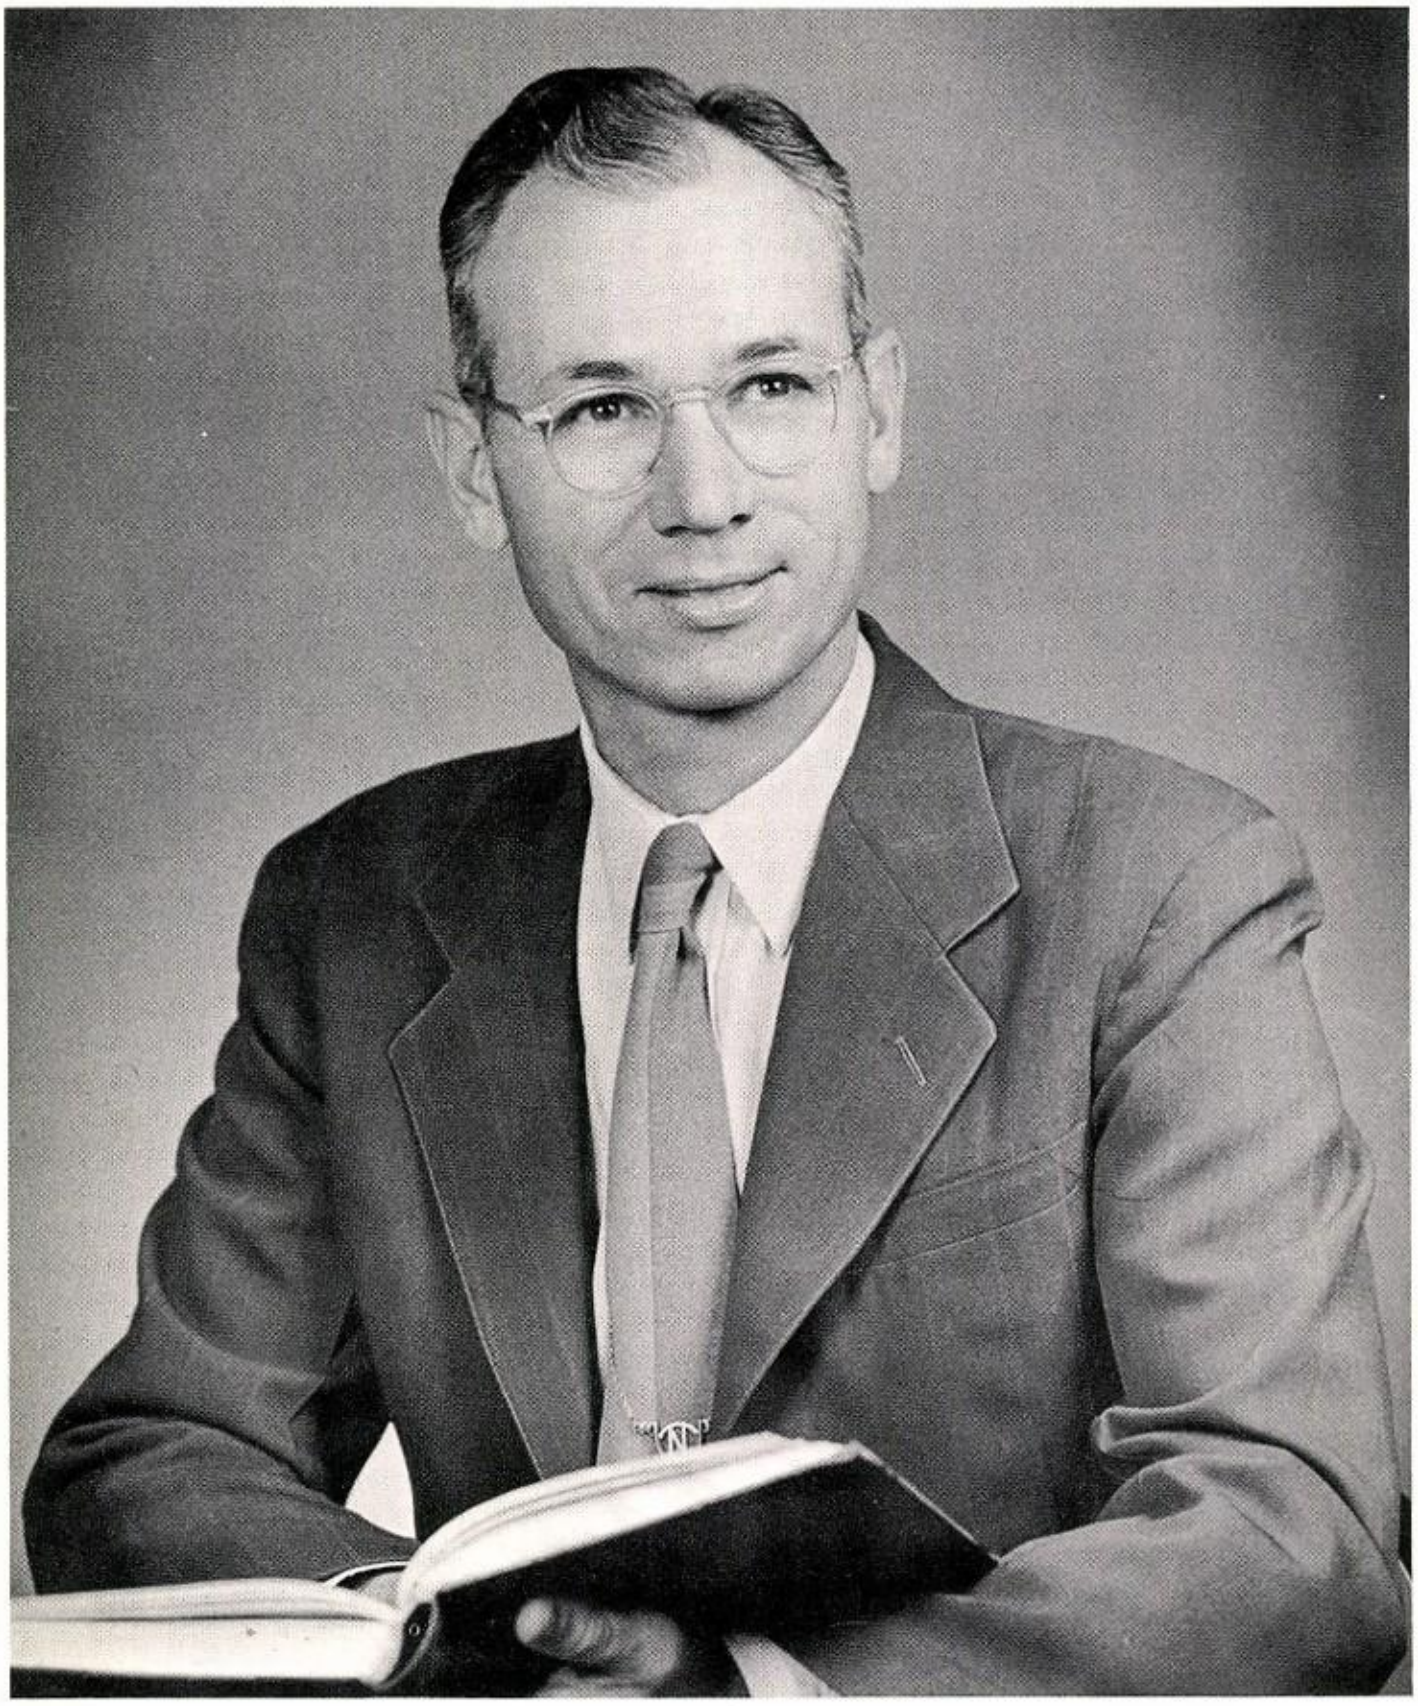
Whether it is y e l l i n g, "Pugnate! Pueri! Pugnate!" at a pep rally or patiently explaining a geometry theorem, she is untiring in her interest in the student body.

The Staff hopes that in dedicating this annual we can show the respect which we feel for her and partially thank her for her interest and work.

We respectfully d e d i c a t e the 1959-1960 Glacier to Mrs. E. Y. Buckner.

Among her other "second floor duties," Mrs. Buckner also has a study hall. She has truly been a guide to all students even in subjects she doesn't teach. We would like to thank her again for her interest in Winters High School.

Superintendent



It is distinctly a privilege to congratulate you upon the successful completion of your high school work. The attributes shown by you in achieving this goal will be of benefit to you throughout life and I sincerely hope this spirit of cooperation, this ambition, this dependability and enthusiasm will remain a part of the adult life you now enter.

May your life be successful, happy and of benefit to your fellowman, your community and your country.

Sincerely,

James B. Nevins
Superintendent

Principal

I consider it a tremendous challenge and a great honor to be called upon to make these few passing remarks in your yearbook. This is of course farewell to the seniors who will this year leave our high school. However, it is a farewell that can be looked upon with remembrances of a school year of great achievements in all aspects of our school life. I offer to each of you my sincere congratulations for being a part of the finest student body anywhere.

We will thumb the pages of this yearbook many times in the years to come. It is well to remember the words of George Eliot who wrote "It's but little good you'll do, watering last year's crops." We might add to that proverb the thought that we should look ahead to next year's harvest. You have attended school so that you might better yourself in the harvests of the many tomorrows is important and your contribution to that tomorrow is dependent upon how well you have learned in the past and how willing you are to learn in the future.

Would that it were possible I would give you success, courage, vision, and a productive life. Though I cannot give to you these things I do wish to you all of those things your ambitions desire, your ability can give to you, and your hard work can earn for you.

Sincerely,
Rodney D. Cathey

EVELYN HUDGINS

JUNIOR CANDIDATE

Miss Glacier of 1960

LEFT TO RIGHT: Freshman Bobbye Howard, Her Majesty, Senior Carol Smith, and Sophomore Coylene Riddle.

Three years ago the GLACIER staff decided to hold a school-wide contest for the purpose of electing the Queen of the yearbook. For the first two years the election was swept by seniors--and then there came a junior--a junior whose personality, beauty, and friendliness captured the hearts of the students and Miss Evelyn Hudgins was elected by a huge margin. Evelyn is a cheerleader, a member of the NHS, FHA, and Choir. Her campaign speaker, Kirwan Knapp, said, "Evelyn's charm and beauty speak for themselves." We cannot add anything either--for her pictures also speak quite well.

Like most of the WHS students, Evelyn, while studying to maintain her NHS rating, dreams of the "Good Ol' Summertime."

Every year on the first day of school, the Staff has several thoughts in mind. What will the Annual be like this year? How can we change it? How can it be improved? As the year moves on, the Glacier slowly takes shape. Out of uproar and confusion, the yearbook gradually emerges.

Finally all the pages are completed and sent off. Then the Staff members patiently endure a month of questions. "When are you going to give the Annuals out?" "Why haven't we gotten our Annuals?"

But eventually, the books arrive and with a quiet happiness, we say, "We proudly present the 1959-1960 Glacier."

The above departments, their employees, and all other officials and employees, congratulate the Seniors of 1960 upon this occasion.

THE FUTURE OF YOUR TOWN AND COMMUNITY DEPENDS UPON YOU.

Prepare Now For College

You may later want to go to college and you will be better able to win success in a highly competitive world if the means are provided for you to complete your education. This Bank now has a School Savings Department; children can open an account with $1.00 or more in their own names and, by making regular deposits, they can build up a fund which may be needed for college days. As this fund grows, United States Savings Bonds may be purchased—we will handle the whole deal. It is very important to learn the ways of good money management during early impressionable years and our School Savings Club provides the way.

This Bank is a bank for grown-ups and young folks too!

Dear ~~Randall~~ Andy, (Harris)
I've enjoyed being your friend. You played real good football, basketball, and track, but Andy, you didn't play as well as I did. Ha! You make good grades. Don't ever try to be an umpire again. Andy you are cute and nice. I wouldn't let any money that you wouldn't wind up in Corlett School for negro Girls or at Gainville or at San Quentin.

Eventually, of course, all dreams must end, as the ones we have recorded here must. But even as these plans are completed, there is always the promise of the future. The years to come hold many reveries. As this school year fades slowly into summer, there are the anticipations of happiness still in store.
